Re: CC Docket Nos. 96-45 and 97-21/
Form 471 Application Number: 176456
Funding Year 3: 07/01/2000 – 06/30/2001
Billed Entity Number: 126441

This is a letter of appeal from Colonial Beach Combined Schools regarding the rate of our discount percentage. Before filing online, I used the application from Year 2 as a guideline. When attempting to correctly list our school district as a combined school, I was informed by Prudence Bacon of the Schools and Libraries Division on January 13, 2000, that I could not file as one school, I had to include classroom trailers, etc. as separate buildings.

Each year we have filed, our discount percentage has been 70% due to the number of free/reduced meal students. By separating buildings from the combined school, we have now fallen to 66% in the discount percentage category, thus being penalized because of misinformation.

In Years 1 and 2, our entity number was 126441 and we qualified for a 70% discount. In Year 3, Prudence Bacon advised me that we needed five entity numbers: 126441, 211827, 211832, 211834, and 211836. In Year 4, only entity number 126441 was needed and our calculations are at 70% for the discount. The status of Colonial Beach Combined Schools has not changed in any of the four years we have applied for E-Rate funding.

I have attached copies of Block 4 of Years 3 and 4, indicating the entity number(s) and calculations and a copy of the Virginia Public Education Directory listing of our school as being one entity, not several schools in one district. I sincerely appreciate your consideration in addressing this issue and hope that we are approved for the appropriate discount percentage as we have been in past years. If I can be of any further assistance, please do not hesitate to contact me.

Sincerely,

Kathleen F. Beane
